

C. BOB BASU, MD, MPH, FACS SUGENE KIM, MD

Basu Plastic Surgery & The Institute of Advanced Breast Reconstruction

As partners in life, board certified plastic surgeons Dr. Bob Basu, MD, MPH, FACS and his wife Dr. Sugene Kim, MD, know the importance of having a strong partnership and open communication with your plastic surgeon and carry those ideals into their own practices—this is why Drs. Basu and Kim are proud to have their practices return for the seventh consecutive year as Top Docs in Plastic Surgery.

Dr. Sugene Kim is a double board certified plastic surgeon and is the only M.D. Anderson Cancer Center fellowship-trained female plastic surgeon in private practice in The Woodlands and North Houston.

Dr. Bob Basu is also a board certified plastic surgeon and is a national leader in his field serving on the Board of Directors of the American Society of Plastic Surgeons (ASPS). He is also Chairman of the ever-so-important ASPS Patient Safety Committee. Locally, he serves as the Chief of Plastic Surgery at North Cypress Medical Center.

Both Drs. Kim and Basu have developed strong reputations for their natural results and expedited recoveries in cosmetic plastic surgery including breast augmentation/lifts, mommy makeover procedures and weight-loss contouring. Visit their photo galleries and you be the judge—you will see the difference immediately.

Furthermore, given their vast experience with breast augmentations, augmentation/lifts and complex revisional breast implant surgery, Dr. Basu and Dr. Kim are recognized as Black Diamond providers by Allergan—this puts their individual practices in the top one percent of breast implant practices in the nation.

Houston's only husband and wife plastic surgery team understand that opting for plastic surgery is a very personal decision. They have a deep commitment to making sure you are comfortable and have confidence in what can be safely achieved to help you realize your goals.
